Company Description

Spotlight Reporting provides accountants with a great range of reporting options that save time and effort while delivering clarity for decision making. We have four cloud-based business intelligence tools, designed specifically for accountants looking to transform the way they deliver advisory services to their clients.

We import data from leading financial and non-financial software products to automatically create powerful dashboards, reports, three-way forecasts and multi-entity aggregations.

Why Work for Spotlight Reporting?

- Work at the forefront of the cloud-based revolution
- Be part of a motivated and talented tight-knit team that is transforming the way business is conducted across the globe
- Accelerated opportunity to grow as a team but also individually
- Competitive base salary, commission and travel
- Friendly and open culture where your initiative and ideas are appreciated and valued.
